[Cameron Proctor](#)

Hand carved "Saint Nick" or Santa Claus - Cameron comes from a family of wood workers and is proud to be the third generation contributing to this tradition.

He has a special talent for carving detailed caricatures and has produced hand carved statues of many notable characters.

As you can see, his version of Saint Nicolas has touch of the old Europe but still brings to mind all the joyous feelings of this special time of year.

At 13.5in tall with a width of 8in you can see why this "Santa" has been getting a good bit of attention. But since there is only one - we invite you to contact us soon, if you want this classic elf in your home this season!

**"Saint Nick"
